Auction Number 5 – The wrap up.

Thank you to everyone who made possible our biggest Auction yet. With over 50% more lots Auction 5 was always going to be a test, both of how buyers would react and whether we could cope with the increased workload. Touch wood, all aspects of the latest auction have run at least as smoothly as the first four. While there were some outstanding results the fact that the clearance rate was 82.7% is perhaps the best sign of strength within the hobby. At present we are still on track to have Auction 6 ready for late October / early November but that will be confirmed within the next 2-3 weeks.

While we do now have a large number of items being catalogued for future auctions we are always happy to accept more consignments. Whether single items, small groups or large collections please feel free to send us an email at info@abcrauctions.com or call Travis (0417 830 939) or Dave (0407 821 767) to discuss the details.
